## Your varied responsibilities

- You organize and coordinate the packaging and shipping process in cooperation with other departments and external service providers
- You supervise and control outgoing deliveries
- You assemble the accessories for shipments and pick them
- You ensure that the goods to be shipped are properly packed and labelled
- You will manage outbound shipments via an ERP system and create forwarding orders.

## Your qualifications

- Successfully completed commercial training with experience in the field of logistics
- Good teamwork and communication skills
- Independent, structured way of working, openness to constantly new challenges
- Good administrative and organizational skills
- Confident handling of MS-Office
- Forklift license

## We are

As the world market leader in the field of quality measurement and testing systems, we have been developing innovative quality measurement and testing solutions for the raw material manufacturing and processing plastics industry for more than 30 years. Research & development are our core competences. More than 100 experts work for us at our headquarters in Witten, Germany.

Are you interested? We would welcome your comprehensive online application, including an indication of your desired salary and earliest starting date.

Your application will of course be treated with absolute discretion. We look forward to hearing from you!
