

THE FREE CHAIR COULD BE YOURS!

Are you ready to take on a new challenge? Ready to surpass yourself? At OCS, you're in just the right place!

www.ocsgmbh.com

For over 30 years, OCS Optical Control Systems GmbH has been known for innovative, customer-specific solutions for quality control and assurance in the polymer and petrochemical industries. OCS has made an international name for itself in particular with tailor-made quality measurement systems and laboratory equipment for raw materials manufacturing and the plastics processing industry.

We offer services ranging from the production and integration of advanced quality management systems to the planning, implementation and commissioning of turnkey laboratories. As a world market leader in the field of optical quality assessment systems, we are represented in over 35 countries. More than 100 experts work at our corporate headquarters in Witten, Germany, alone.

To augment our team in Witten, we are currently seeking

Software Developer (f/m/x)

Your varied responsibilities

- Development/programming of image analysis, device and user software, statistics such as evaluation tools, customer connections, user-friendly interfaces, etc.
- Support of the entire development process of a software product
- from requirements gathering to initial commissioning and verification of the final product
- Support of the project management in the planning and organisation of development projects in the software area

Your qualifications
